

## Mutah University Staff/Students Training and Sustainability Awareness (2024/2025)

<b>Training / Event</b>	<b>Organizer / Partner</b>	<b>Audience</b>	<b>Description</b>	<b>SDG</b>	<b>Evidence</b>
Workshop introducing the POPs reduction project	Ministry of Environment (Jordan), Prince Faisal Center	Academic sector and project stakeholders	First workshop at the university to introduce the POPs project and its expected outputs, linking national environmental priorities with university expertise.	SDG 3, SDG 6, SDG 12, SDG 13, SDG 17	<a href="#">Link</a>
“What is radiation and what is nuclear energy?” Seminar	Faculty of Educational Sciences, Mutah University, Energy and Minerals Regulatory Commission	Faculty members and students	Specialized seminar embedded in the “Environmental Education and Development” course; includes nuclear safety/security culture components.	SDG 4, SDG 7, SDG 12	<a href="#">Link</a>
Energy Storage Systems training course (4 weeks)	Royal Academy of Engineering, Higher Council for Science and Technology, Northumbria University.	Academics, engineers, and students	Four-week specialized training supporting clean-energy transition via storage and demand-side integration.	SDG 7, SDG 9, SDG 13, SDG 17	<a href="#">Link</a>
Climate change adaptation training launched for women agricultural engineers	Food and Agriculture Organization of the United Nations, Prince Faisal Center	Eight women agricultural engineers	Launch of adaptation training under the BRCCJ project; focus on water-use efficiency and climate resilience in agriculture.	SDG 5, SDG 6, SDG 13, SDG 2, SDG 17	<a href="#">Link</a>
Graduation of Climate Wise Women Agents	FAO, Prince Faisal Center	Eight graduates training-of-trainers (400 women planned)	Graduation after six-month training; graduates certified to scale adaptation awareness/training to rural women in multiple governorates.	SDG 5, SDG 6, SDG 13, SDG 17	<a href="#">Link</a>
Workshop: women, climate change, drought, and socially just water management	Faculty of Social Sciences, Mutah University	Academics, researchers, experts	Workshop within ABCDryBasin activities focused on climate change, drought, and sustainable water resources management.	SDG 6, SDG 13, SDG 5	<a href="#">Link</a>
Climate-smart solid waste management research initiative linked to Canadian support	Global Affairs Canada, Ministry of Environment and Jordanian universities	Researchers and policy/technical stakeholders	“Toward Climate-Smart Solid Waste Management in Petra,” framed as improving waste management under climate constraints	SDG 11, SDG 12, SDG 13, SDG 17	<a href="#">Link</a>
Digitization of 40 courses via the e-learning center	Center for E-Learning and Learning Resources	Faculty and students (course delivery); indirect staff workflow impacts	40 courses were computerized, supporting digital transformation and plausibly reducing paper-intensive processes.	SDG 4; SDG 12	<a href="#">Link</a>
Sustainability literacy assessment for students, faculty, and administrative staff	Mutah University, Sustainability Office	Students; faculty; administrative staff	Institutional assessment of sustainability knowledge, attitudes, practices and perceptions to inform policy, curriculum and planning aligned with SDGs.	SDG 4; SDG 12; SDG 13	<a href="#">Link</a>
